

Live life well lit.™

It's not just about light or dark.
It's about everything in between.

Enhance your vision.

Transitions® lenses continuously adapt to changing light, bringing out the best in everything you see.

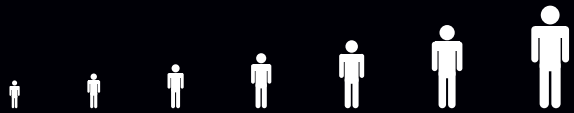

Optimising the amount of light your eyes receive also reduces glare, eye fatigue and strain, for more effortless sight.

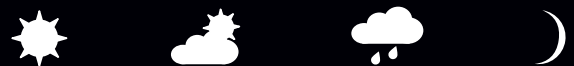

Experience a Life well lit™ at
Transitions.com

Available for almost any frame or prescription.

Options available to suit all ages including children.

Change with every variation of light and block 100% of UV rays.

Transitions®
ADAPTIVE LENSES

FIND THE TRANSITIONS® LENSES THAT FIT YOUR LIFE.

Transitions® Everyday Adaptive Lenses.

Inside and out, all day, every day – see life in the best light.

Transitions® lenses.

Provide optimal balance between outdoor darkness, indoor clarity and speed of activation.

- Clearest indoors
- Fastest fade back speed
- Available in grey or brown

Transitions® XTRActive™ lenses.

Darkest Transitions everyday lenses.

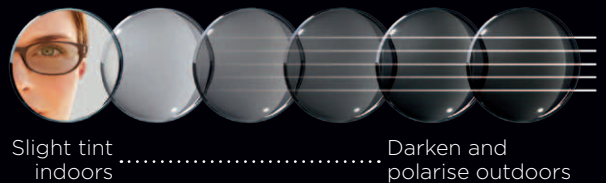

- Moderate activation behind the windscreen of a vehicle by sensing and adjusting to visible light
- Comfortable hint of tint indoors with superior darkness outdoors, even in hot temperatures
- Available in grey

Transitions® Vantage™ lenses.

Everyday lenses with variable polarisation.

- Slight tint indoors, darken and polarise outdoors
- The world's first everyday lenses with variable polarisation for crisper, sharper vision
- Available in grey

Transitions® Line of Performance Sunwear.

Our line of performance sunwear provides a visual advantage for outdoor activities:

- a range of products, each customised for specific outdoor activities such as golfing, cycling, running and driving
- improve your depth perception
- colour and contrast enhancement
- available in prescription and non-prescription

Look for a Transitions sunwear option with the following brands:

Love Them or Exchange Them.

Experience a “Life well lit”, risk-free with the *Love Them or Exchange Them* guarantee.

If you don't love your new Transitions lenses, you can simply exchange them.

Authentic Transitions lenses.

When you choose the best, ensure that you receive the best.

Ask your optometrist for your Certificate of Authenticity when you purchase genuine Transitions lenses.

Adding anti-reflective (AR) coating enhances the performance of Transitions lenses even more - fade back time and indoor clarity are improved.

Ask your eyecare professional what's new with Transitions® lenses today.
